### HOW TO APPLY:

To apply for consideration for the following career opportunity for people with disabilities, please visit [www.benderconsult.com/careers/submit-resume](http://www.benderconsult.com/careers/submit-resume) and complete the electronic form.

### POSITION DESCRIPTION:

- Assist in developing, testing, and implementing application systems.
- Provide detailed flowcharts to show processing logic for simple application programs.
- Participate in developing, coding, and testing computer programs for relatively straightforward or small projects.
- Assist in preparing any technical and procedural documentation required in application system development.
- Provide solutions for programming system operations, including encoding, testing, debugging and documenting programs.

### QUALIFICATIONS:

- Bachelor's degree required.
- Academic or professional experience with object-oriented programming languages such as Java, C++, and/or Python required.
- Interest in the front-end and back-end development side of applications.
- Ability to work in an environment with significant activity, at a pace set by business demands.
